

100 Years of Grace

Grace Lutheran Church – 10th Decade (2007-2016)

Gracie's Preschool opened fall 2006 using the fellowship hall and Sunday school rooms. Soon after plans were developed to construct a separate Preschool building. After more than a year of engineering and numerous plan changes, the building permit was issued. May 2007 concrete was poured. Gracie's Preschool building was dedicated Oct. 28, 2007. Present enrollment stands at 77 children; a great ministry to the next generation.

Preschool under construction summer 2007.

The same humble beginnings as the Preschool were present when a small group of devout Christians dedicated Grace Lutheran's first permanent church building in 1919. The preaching and teaching of the true Word of God continues today as the members of Grace look forward to our next 100 years in service to God.

Church dedication 1919 on the NW corner of the block where the County Library stands today.
